RESOLUTION NUMBER E-05-19**

## **ISSUE:**

The attached resolution proposes to approve, for future consideration of funding, the following project for which a Negative Declaration and Addendum have been completed:

- Routes 205 and I-5 in San Joaquin County - Widening of Route 205 from 4 to 6 lanes and additional lane striping on I-5 to integrate with the lanes added to Route 205.

This project is fully funded pending Commission action at the September 2005 Meeting to approve the San Joaquin Council of Government's Assembly Bill (AB) 3090 request. The total estimated project cost is \$103,000,000, for capital and support. With the approval of the AB 3090 request, this project will go to construction in Fiscal Year 2005/06.

A copy of the Negative Declaration and Addendum has been provided to the California Transportation Commission (Commission) staff. The Department has approved the project for construction. This approval and the filing of the Notice of Determination and Addendum with the Office of Planning and Research will satisfy the environmental requirements for this stage of the project planning process.

## **RECOMMENDATION:**

The Department recommends that the Commission, as a responsible agency, approve the attached Resolution E-05-19.
